Health and Safety.

Illness.

We would request your co-operation in limiting contagious illness.

I.e. Chicken pox, conjunctivitis, measles etc, by not bringing any sick children into Preschool as it increases risk of infection to other children and their families.

If your sick child can not be left at home, we do not mind you bringing your Preschool child in a few minutes later and also collected 5 minutes earlier, (if you require any further information please see any member of staff or give us a ring.)

If your preschool child has been ill, they should not return back to preschool before they are fully recovered. (At least 48 hours.)
